

REALTOR®

GROWTH & INVOLVEMENT

The REALTOR® Growth & Involvement Program is designed to build your volunteer skills while giving you an insight into the REALTOR® organization at the local, state, and national levels, and explain how they interrelate and work together.

Graduates from the first two programs include NMAR Officers, District Vice Presidents, Committee Chairs and Members, Member Board Officers, Directors, and Committee Members. Participants will gain confidence, leadership skills, and motivation to become more involved in their local and state associations of REALTORS®.

The Program is open to NMAR Members and Member Board AEs and is designed to increase participants' awareness of real estate and association management issues/challenges, and teach problem-solving activities that can be used to improve our association and our industry.

Step up and make an impact! Your journey to be a part of the next generation of REALTOR® movers, shakers, and leaders begins when you complete and submit the application contained in this brochure. A maximum of 12-18 individuals will be selected to participate in the program.

Participants will be chosen by the NMAR Growth and Involvement Committee members based on the information supplied in the following application, including a track record of volunteer performance for their local association and/or civic organizations, and a desire to grow in their REALTOR® volunteer activities.

The goal of this Program is to train NMAR members to serve in leadership positions at their Member Board and at the state association. Check with your local association, as they may be willing to pay all or part of your tuition costs if you are accepted to the program.
